3rd Grade Problem And Solution Worksheets Introduction

180 Days of Problem Solving for Third Grade

The 180 Days of Problem Solving e-Book for Grade 3 offers daily problem solving practice geared towards developing the critical thinking skills needed to approach complex problems. This teacher-friendly e-Book provides thematic units that connect to a standards-based skill that third grade students are expected to know to advance to the next level. Lesson plans offer guidance and support for every day of the week, outlining strategies and activities that dig deeper than routine word problems. Each week students will use visual representations and analyze different types of word problems (including non-routine, multi-step, higher thinking problems). This comprehensive resource builds critical thinking skills and connects to national and state standards.

Daily Warm-Ups: Problem Solving Math Grade 3

Solving word problems requires both strategy and skill. When confronted with a problem, students need to figure out how to solve the problem and then solve it! The 250 exercises in each book help students learn a variety of strategies for solving problems as well as grade-specific math skills.

Reading and Language Arts Worksheets Don't Grow Dendrites

Newly consistent with CCSS, this classroom companion employs hands-on techniques, teaching-tested activities, and brain-compatible literacy strategies to engage and motivate reluctant readers.

180 Days of Problem Solving for Third Grade

Help build students' problem-solving skills with super strategies for solving any math word problem. Each strategy is clearly explained and comes with practice problems that utilize the specific strategy. Students can then hone their newly acquired skill with 100 word problems on grade-specific math concepts. Great for meeting the NCTM standards!

Division Word Problems

Support third grade students with 180 daily practice activities to build their mathematical fluency and demonstrate their understanding.
