

THE STRONG MAN JOHN MITCHELL AND THE SECRETS OF WATERGATE READ ONLY

Oscar Wilbur Sanders

The Strong Man John Mitchell And The Secrets Of Watergate Introduction

The Strong Man

The Strong Man is the first full-scale biography of John N. Mitchell, the central figure in the rise and ruin of Richard Nixon and the highest-ranking American official ever convicted on criminal charges. As U.S. attorney general from 1969 to 1972, John Mitchell stood at the center of the upheavals of the late sixties. The most powerful man in the Nixon cabinet, a confident troubleshooter, Mitchell championed law and order against the bomb-throwers of the antiwar movement, desegregated the South's public schools, restored calm after the killings at Kent State, and steered the commander-in-chief through the Pentagon Papers and Joint Chiefs spying crises. After leaving office, Mitchell survived the ITT and Vesco scandals—but was ultimately destroyed by Watergate. With a novelist's skill, James Rosen traces Mitchell's early life and career from his Long Island boyhood to his mastery of Wall Street, where Mitchell's innovations in municipal finance made him a power broker to the Rockefellers and mayors and governors in all fifty states. After merging law firms with Richard Nixon, Mitchell brilliantly managed Nixon's 1968 presidential campaign and, at his urging, reluctantly agreed to serve as attorney general. With his steely demeanor and trademark pipe, Mitchell commanded awe throughout the government as Nixon's most trusted adviser, the only man in Washington who could say no to the president. Chronicling the collapse of the Nixon presidency, *The Strong Man* follows America's former top cop on his singular odyssey through the criminal justice system—a tortuous maze of camera crews, congressional hearings, special prosecutors, and federal trials. The path led, ultimately, to a prison cell in Montgomery, Alabama, where Mitchell was welcomed into federal custody by the same men he had appointed to office. Rosen also reveals the dark truth about Mitchell's marriage to the flamboyant and volatile Martha Mitchell: her slide into alcoholism and madness, their bitter divorce, and the toll it all took on their daughter, Marty. Based on 250 original interviews and hundreds of thousands of previously unpublished documents and tapes, *The Strong Man* resolves definitively the central mysteries of the Nixon era: the true purpose of the Watergate break-in, who ordered it, the hidden role played by the Central Intelligence Agency, and those behind the cover-up. A landmark of history and biography, *The Strong Man* is that rarest of books: both a model of scholarly research and savvy analysis and a masterful literary achievement.

The Real Watergate Scandal

An aging judge about to step down. Aggressive prosecutors friendly with the judge. A disgraced president. A nation that had already made up its mind. The Watergate trials were a legal mess—and now, with the discovery of new documents that reveal shocking misconduct by prosecutors and judges alike, former Nixon staffer Geoff Shepard has a convincing case that the wrongdoing of these history-making trials was actually a bigger scandal than the Watergate scandal itself.

Secret Agenda

The exposé that reveals “a prostitution ring, heavy CIA involvement, spying on the White House as well as

on the Democrats, and plots within plots” (The Washington Post) Ten years after the infamous Watergate scandal that brought down the Nixon presidency, Jim Hougan—then the Washington editor of Harper’s Magazine—set out to write a profile of Lou Russell, a boozy private-eye who plied his trade in the vice-driven underbelly of the nation’s capital. Hougan soon discovered that Russell was “the sixth man, the one who got away” when his boss, veteran CIA officer Jim McCord, led a break-in team into a trap at the Watergate. Using the Freedom of Information Act to win the release of the FBI’s Watergate investigation—some thirty-thousand pages of documents that neither the Washington Post nor the Senate had seen—Hougan refuted the orthodox narrative of the affair. Armed with evidence hidden from the public for more than a decade, Hougan proves that McCord deliberately sabotaged the June 17, 1972, burglary. None of the Democrats’ phones had been bugged, and the spy-team’s ostensible leader, Gordon Liddy, was himself a pawn—at once, guilty and oblivious. The power struggle that unfolded saw E. Howard Hunt and Jim McCord using the White House as a cover for an illicit domestic intelligence operation involving call-girls at the nearby Columbia Plaza Apartments. A New York Times Notable Book, *Secret Agenda* “present[s] some valuable new evidence and explored many murky corners of our recent past . . . The questions [Hougan] has posed here—and some he hasn’t—certainly deserve an answer” (The New York Times Book Review). Kirkus Reviews declared the book “a fascinating series of puzzles—with all the detective work laid out.”

Martha

“The journalist who was Martha Mitchell’s close friend and confidante in her last years offers a behind-the-scenes look at what motivated [one of] the most controversial [women] in...American politics and what happened to her after Watergate”—adapted from amazon.com.

Cheney One on One

A book to challenge the status quo, spark a debate, and get people talking about the issues and questions we face as a country!

Bond of Secrecy

A father’s last confession to his son about the CIA, Watergate, and the plot to assassinate President John F. Kennedy, this is the remarkable true story of St. John Hunt and his father E. Howard Hunt, the infamous Watergate burglar and CIA spymaster. In Howard Hunt’s near-death confession to his son St. John, he revealed that key figures in the CIA were responsible for the plot to assassinate JFK in Dallas, and that Hunt himself was approached by the plotters, among whom included the CIA’s David Atlee Phillips, Cord Meyer, Jr., and William Harvey, as well as future Watergate burglar Frank Sturgis. An incredible true story told from an inside, authoritative source, this is also a personal account of a uniquely dysfunctional American family caught up in two of the biggest political scandals of the 20th century.

The Terrors of Justice

In time for the 50th anniversary of President Nixon’s epic trips to China and Russia, as well as his incredible Watergate downfall, the man who was at his side for a decade as his aide and White House Deputy takes readers inside the life and administration of Richard Nixon. From Richard Nixon’s “You-won’t-have-Nixon-to-kick-around-anymore” 1962 gubernatorial campaign through his world-changing trips to China and the Soviet Union and epic downfall, Dwight Chapin was by his side. As his personal aide and then Deputy Assistant in the White House Chapin was with him in his most private and most public moments. He traveled with him, assisted, advised, strategized, campaigned and learned from America’s most controversial president. As Bob Haldeman’s protege, Chapin worked with Henry Kissinger in opening China—then eventually went to prison for Watergate although he had no involvement in it. In this memoir Chapin takes readers on an extraordinary historic journey; presenting an insider’s view of America’s most enigmatic President. Chapin will relate his memorable experiences with the people who shaped the future: Henry

Kissinger, his close friend Bob Haldeman, Choi En-lai, Pat Nixon, the embittered Spiro Agnew, J. Edgar Hoover, Frank Sinatra, Mark "Deep Throat" Felt, young and ambitious Roger Ailes, and John Dean. It's a story that ranges from Coretta Scott King to Elvis Presley, from the wonder of entering a closed Chinese society to the Oval Office, and concludes with startling new insights and conclusions about the break-in that brought down Nixon's presidency.

The President's Man

This is the true story of betrayal at the nation's highest level. Unfolding with the suspenseful pace of a le Carre spy thriller, it reveals the personal motives and secret political goals that combined to cause the Watergate break-in and destroy Richard Nixon. Investigator Len Colodny and journalist Robert Gettlin relentlessly pursued the people who brought down the president. Their revelations shocked the world and forever changed our understanding of politics, of journalism, and of Washington behind closed doors. Dismantling decades of lies, *Silent Coup* tells the truth.

Silent Coup

When General Alexander M. Haig Jr. returned to the White House on May 3, 1973, he found the Nixon administration in worse shape than he had imagined. President Richard Nixon, reelected in an overwhelming landslide just six months earlier, had accepted the resignations of his top aides—the chief of staff H. R. Haldeman and the domestic policy chief John Ehrlichman—just three days earlier. Haldeman and Ehrlichman had enforced the president's will and protected him from his rivals and his worst instincts for four years. Without them, Nixon stood alone, backed by a staff that lacked gravitas and confidence as the Watergate scandal snowballed. Nixon needed a savior, someone who would lift his fortunes while keeping his White House from blowing apart. He hoped that savior would be his deputy national security adviser, Alexander Haig, whom he appointed chief of staff. But Haig's goal was not to keep Nixon in office—it was to remove him. In *Haig's Coup*, Ray Locker uses recently declassified documents to tell the true story of how Haig orchestrated Nixon's demise, resignation, and subsequent pardon. A story of intrigues, cover-ups, and treachery, this incisive history shows how Haig engineered the "soft coup" that ended our long national nightmare and brought Watergate to an end.

Haig's Coup

Retraces Richard Nixon's illustrious and ultimately self-destructive rise to power, from his early political career to his rise to the presidency, offering new evidence of his penchant for intrigue and profiteering.

The Arrogance of Power

For the 50th anniversary of the Watergate break-in: The untold story of President Richard Nixon, CIA Director Richard Helms, and their volatile shared secrets that ended a presidency. *Scorpions' Dance* by intelligence expert and investigative journalist Jefferson Morley reveals the Watergate scandal in a completely new light: as the culmination of a concealed, deadly power struggle between President Richard Nixon and CIA Director Richard Helms. Nixon and Helms went back decades; both were 1950s Cold Warriors, and both knew secrets about the disastrous Bay of Pigs invasion of Cuba as well as off-the-books American government and CIA plots to remove Fidel Castro and other leaders in Latin America. Both had enough information on each other to ruin their careers. After the Watergate burglary on June 17, 1972, Nixon was desperate to shut down the FBI's investigation. He sought Helms' support and asked that the CIA intervene—knowing that most of the Watergate burglars were retired CIA agents, contractors, or long-term assets with deep knowledge of the Agency's most sensitive secrets. The two now circled each other like scorpions, defending themselves with the threat of lethal attack. The loser would resign his office in disgrace; the winner, however, would face consequences for the secrets he had kept. Rigorously researched and dramatically told, *Scorpions' Dance* uses long-neglected evidence to reveal a new perspective on one of

America's most notorious presidential scandals.

Scorpions' Dance

In America's capital city, where little stays secret for long, the identity of Deep Throat - the mysterious source who helped Bob Woodward and Carl Bernstein break open the Watergate scandal in 1972 - remained hidden for thirty-three years. Now, Woodward tells the story of his long, complex relationship with Mark Felt, the enigmatic former No. 2 man in the FBI who helped end the presidency of Richard Nixon. *The Secret Man* chronicles the story in intimate detail, from Woodward's first, chance encounter with Felt in the Nixon White House, to their covert, middle-of-the-night meetings in an underground parking garage, to the aftermath of Watergate and decades beyond, until Felt finally stepped forward at age 91 to unmask himself as Deep Throat. It is an intense, 33-year journey and the gripping final chapter to one of the most exciting periods in journalistic and political history.

The Secret Man

Obstruction of justice, the specter of impeachment, sexism at work, shocking revelations: Jill Wine-Banks takes us inside her trial by fire as a Watergate prosecutor. It was a time, much like today, when Americans feared for the future of their democracy, and women stood up for equal treatment. At the crossroads of the Watergate scandal and the women's movement was a young lawyer named Jill Wine Volner (as she was then known), barely thirty years old and the only woman on the team that prosecuted the highest-ranking White House officials. Called "the mini-skirted lawyer" by the press, she fought to receive the respect accorded her male counterparts—and prevailed. In *The Watergate Girl*, Jill Wine-Banks opens a window on this troubled time in American history. It is impossible to read about the crimes of Richard Nixon and the people around him without drawing parallels to today's headlines. The book is also the story of a young woman who sought to make her professional mark while trapped in a failing marriage, buffeted by sexist preconceptions, and harboring secrets of her own. Her house was burgled, her phones were tapped, and even her office garbage was rifled through. At once a cautionary tale and an inspiration for those who believe in the power of justice and the rule of law, *The Watergate Girl* is a revelation about our country, our politics, and who we are as a society.

The Watergate Girl

PRESIDENT NIXON shows a man alone in a White House ruled by secrets and lies, trying to impose old values at home and new balances of power everywhere in the world. Reeves proves that the Watergate scandal was no aberration in an administration foreshadowed by a series of successful uses of 'national security' to cover coups, burglaries, lies, the abandonment of America's allies - and even murder. Reeves portrays a man of vision and iron will who created, used and was used by a small cast of hard, ambitious men who formed a poisonous circle around their insecure leader. Alone, Nixon challenged and changed the world's political and military balance while also plotting to destroy both the Democratic and Republican parties in an attempt to create secretly a new party of the centre. This account of Nixon's stewardship will stand as the balanced, authoritative portrait of an astonishing president and his ruined presidency.

President Nixon

Disclosing new factual material about the Watergate scandal, this provocative exposé of the famed break-in of the Democratic National Committee headquarters in 1972, reveals that the burglars were set up, and explains how our historical consciousness has been altered to obscure the truth. Written by a confidential informant, this never-before-told story rewrites the accepted truth of the scandal that rocked the political world and the entire nation, while taking readers on a behind the scenes tour of a major criminal investigation. Drilling down to the core level of the political nightmare, shocking acts of manipulation and deceit are uncovered as new light is shed on the players and puppet masters behind the event that led to the

one and only presidential resignation in U.S. history.

Watergate Exposed

Antonio Veciana fought on the front lines of the CIA's decades-long secret war to destroy Fidel Castro, the bearded bogeyman who haunted America's Cold War dreams. It was a time of swirling intrigue, involving US spies with license to kill, Mafia hit men, ruthless Cuban exiles—and the leaders in the crosshairs of all this dark plotting, Fidel Castro and John F. Kennedy. Veciana transformed himself from an asthmatic banker to a bomb-making mastermind who headed terrorist attacks in Havana and assassination attempts against Castro, while building one of the era's most feared paramilitary groups—all under the direction of the CIA. In the end, Veciana became a threat—not just to Castro, but also to his CIA handler. Veciana was the man who knew too much. Suddenly he found himself a target—framed and sent to prison, and later shot in the head and left to die on a Miami street. When he was called before a Congressional committee investigating the Kennedy assassination, Veciana held back, fearful of the consequences. He didn't reveal the identity of the CIA officer who directed him—the same agent Veciana observed meeting with Lee Harvey Oswald in Dallas before the killing of JFK. Now, for the first time, Veciana tells all, detailing his role in the intricate game of thrones that aimed to topple world leaders and change the course of history. Skyhorse Publishing, as well as our Arcade imprint, are proud to publish a broad range of books for readers interested in history-- books about World War II, the Third Reich, Hitler and his henchmen, the JFK assassination, conspiracies, the American Civil War, the American Revolution, gladiators, Vikings, ancient Rome, medieval times, the old West, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

Trained to Kill

Startling revelations from the OSS, the CIA, and the Nixon White house Think you know everything there is to know about the OSS, the Cold War, the CIA, and Watergate? Think again. In *American Spy*, one of the key figures in postwar international and political espionage tells all. Former OSS and CIA operative and White House staffer E. Howard Hunt takes you into the covert designs of Presidents Eisenhower, Kennedy, Johnson, and Nixon: His involvement in the CIA coup in Guatemala in 1954, the Bay of Pigs invasion, and more His work with CIA officials such as Allen Dulles and Richard Helms His friendship with William F. Buckley Jr., whom Hunt brought into the CIA The amazing steps the CIA took to manipulate the media in America and abroad The motives behind the break-in at Daniel Ellsberg's psychiatrist's office Why the White House "plumbers" were formed and what they accomplished The truth behind Operation Gemstone, a series of planned black ops activities against Nixon's political enemies A minute-by-minute account of the Watergate break-in Previously unreleased details of the post-Watergate cover-up Complete with documentation from audiotape transcripts, handwritten notes, and official documents, *American Spy* is must reading for anyone who is fascinated by real-life spy tales, high-stakes politics, and, of course, Watergate.

American Spy

The landmark New York Times bestselling biography of Richard M. Nixon, a political savant whose gaping character flaws would drive him from the presidency and forever taint his legacy. "A biography of eloquence and breadth . . . No single volume about Nixon's long and interesting life could be so comprehensive."—Chicago Tribune One of Time's Top 10 Nonfiction Books of the Year In this revelatory biography, Evan Thomas delivers a radical, unique portrait of America's thirty-seventh president, Richard Nixon, a contradictory figure who was both determinedly optimistic and tragically flawed. One of the principal architects of the modern Republican Party and its "silent majority" of disaffected whites and conservative ex-Dixiecrats, Nixon was also deemed a liberal in some quarters for his efforts to desegregate Southern schools, create the Environmental Protection Agency, and end the draft. The son of devout Quakers, Richard Nixon (not unlike his rival John F. Kennedy) grew up in the shadow of an older, favored

brother and thrived on conflict and opposition. Through high school and college, in the navy and in politics, Nixon was constantly leading crusades and fighting off enemies real and imagined. He possessed the plainspoken eloquence to reduce American television audiences to tears with his career-saving “Checkers” speech; meanwhile, Nixon’s darker half hatched schemes designed to take down his political foes, earning him the notorious nickname “Tricky Dick.” Drawing on a wide range of historical accounts, Thomas’s biography reveals the contradictions of a leader whose vision and foresight led him to achieve détente with the Soviet Union and reestablish relations with communist China, but whose underhanded political tactics tainted his reputation long before the Watergate scandal. A deeply insightful character study as well as a brilliant political biography, *Being Nixon* offers a surprising look at a man capable of great bravery and extraordinary deviousness—a balanced portrait of a president too often reduced to caricature. Praise for *Being Nixon* “Terrifically engaging . . . a fair, insightful and highly entertaining portrait.”—*The Wall Street Journal* “Thomas has a fine eye for the telling quote and the funny vignette, and his style is eminently readable.”—*The New York Times Book Review*

Being Nixon

“The Irishman is great art . . . but it is not, as we know, great history . . . Frank Sheeran . . . surely didn’t kill Hoffa . . . But who pulled the trigger? . . . For some of the real story, and for a great American tale in itself, you want to go to Jack Goldsmith’s book, *In Hoffa’s Shadow*.” —Peggy Noonan, *The Wall Street Journal*

“*In Hoffa’s Shadow* is compulsively readable, deeply affecting, and truly groundbreaking in its re-examination of the Hoffa case . . . a monumental achievement.” —James Rosen, *The Wall Street Journal*

As a young man, Jack Goldsmith revered his stepfather, longtime Jimmy Hoffa associate Chuckie O’Brien. But as he grew older and pursued a career in law and government, he came to doubt and distance himself from the man long suspected by the FBI of perpetrating Hoffa’s disappearance on behalf of the mob. It was only years later, when Goldsmith was serving as assistant attorney general in the George W. Bush administration and questioning its misuse of surveillance and other powers, that he began to reconsider his stepfather, and to understand Hoffa’s true legacy. *In Hoffa’s Shadow* tells the moving story of how Goldsmith reunited with the stepfather he’d disowned and then set out to unravel one of the twentieth century’s most persistent mysteries and Chuckie’s role in it. Along the way, Goldsmith explores Hoffa’s rise and fall and why the golden age of blue-collar America came to an end, while also casting new light on the century-old surveillance state, the architects of Hoffa’s disappearance, and the heartrending complexities of love and loyalty.

In Hoffa's Shadow

Heidi Rikan was an ex-stripper, working for the mob in Washington D.C. *White House Call Girl* tells how a call girl operation she was running at the time led to the Watergate break-in, which brought down Tricky Dick Nixon himself. Though it’s a fully sourced political non-fiction, it reads like a detective novel, full of prostitutes, mobsters, political operatives, and even football team players. And it’s got plenty of evidence, including photos of an address book owned by the main call girl in question, chock full of very interesting phone numbers and addresses. For forty years we’ve only heard the Woodward and Bernstein perspective on Watergate. Now we’ve got the photos. What’s more, we’ve got Heidi’s little black book.

White House Call Girl

This is the story of the great con game that was the late twentieth century, of American history's worst presidency, of how I learned to lie. It is not history as you know it. There are at least three sides to this story, and I'm telling both of mine. I promise you I will show the same contempt for the historical record that it has shown for me. My name is Richard Milhous Nixon. I swore an oath to preserve, protect and defend the Constitution, and I have seen the devil walk. An alternate history, a horror novel, a political satire and a study of what people will sacrifice to succeed, *CROOKED* is the ultimate inside story of the strange, all-too-human monsters at the heart of American power.

Crooked

The story of President Richard Nixon and those who fought against him comes to life in this insightful and accessible nonfiction middle grade book from the author of *Fly Girls* and *Fighting for the Forest*. The Watergate scandal created one of the greatest constitutional crises in American history. When the House Judiciary Committee approved three articles of impeachment against President Richard Nixon and the Supreme Court ruled that he had to turn over to Congress the tapes that proved the claims against him, he realized his support in the Senate had collapsed. He resigned rather than face almost certain conviction on abuse of power and obstruction of justice. We know the villain's story well, but what about the heroes? When the country's own leader turned his back on the Constitution, who was there to defend it? Conspiracy is about the reporters, prosecutors, judges, justices, members of Congress, and members of the public who supported and defended the Constitution when it needed it most.

Conspiracy

Typically a maligned figure in American political history, former vice president Spiro T. Agnew is often overlooked. Although he is largely remembered for his alliterative speeches, attacks on the media and East Coast intellectuals, and his resignation from office in 1973 in the wake of tax evasion charges, Agnew had a significant impact on the modern Republican Party that is underappreciated. It is impossible, in fact, to understand the current internal struggles of the Republican Party without understanding this populist "everyman" and prototypical middle-class striver who was one of the first proponents of what would become the ideology of Donald Trump's GOP. *Republican Populist* examines Agnew's efforts to make the Republican Party representative of the "silent majority." Under the tutelage of a group of talented speechwriters assigned to Agnew by President Richard Nixon including Pat Buchanan and William Safire, Agnew crafted the populist-tinged, anti-establishment rhetoric that helped turn the Republican Party into a powerful national electoral force that has come to define American politics into the current era. A fascinating political portrait of Agnew from his pre-vice presidential career through his scandal-driven fall from office and beyond, this book is a revelatory examination of Agnew's role as one of the founding fathers of the modern Republican Party and of the link between Agnew's "people's party" and the fraught party of populists and businessmen today.

Republican Populist

Finally, there is a "warts and all" biography of the most enduring American politician of the 20th century Richard Milhous Nixon written by an author with unprecedented access and insight about our 37th President', New York Times Bestselling Author Roger Stone. Stone and his co-author award winning Investigative reporter Michael Colapietro, look at the totality of Nixon's entire career utilizing stunning new information either suppressed or unknown by the main stream media of the time. *Tricky Dick* includes new and never before published documentation that the CIA infiltrated the original Watergate burglary team in order to purposely botch the break-in, that White House Counsel John Dean consistently lied about his true role in planning, execution and cover up of the Watergate break lying to Nixon about White House involvement for nine months and concealing ties between Dean and his wife and a high-priced call girl ring utilized by the Democratic National Committee to entertain visiting Democrat dignitaries. Building on the blockbuster revelations of Roger Stone's previous book on the Nixon's presidency *Nixon's Secrets* the longtime Nixon intimate and his co-author have added shocking new material that proves that the Watergate Special Prosecutor met secretly repeatedly and illegally with Watergate Trial Judge John Sirica in a successful effort to railroad Nixon and rig any appeal to a higher court. Stone and his co-author Colapietro trace Nixon' meteoric climb from his first race for the House in 1947, his dogged pursuit of Soviet spy Alger Hiss (classified Russian documents released after the fall of the Soviet Union prove Hiss was indeed a KGB Spy), Nixon's bruising campaign for the US Senate in 1950, his improbable selection by General Dwight D Eisenhower to be vice president only six years after his election to Congress, the triumphs and humiliations of his vice presidential years, and his razor thin loss of the presidency to John F Kennedy in 1960. *Tricky*

Dick: The Rise and Fall and Rise of Richard M. Nixon proves in intricate detail how the 1960 election was stolen from a surging Nixon, detailing voter fraud in both Texas and Illinois to a degree heretofore undocumented by political scientists and covered only by the New York Herald Tribune at the time. These New York Times bestselling authors also detail Nixon's reinvention of himself as "The New Nixon" and The greatest single come back in American history which resulted in Nixon's triumphant election as president in 1968. Tricky Dick also dissects the military industrial complex unhappiness with Nixon's end to the war in Vietnam, his historic strategic arms limitation agreement with the Soviets and his opening to China and the resultant plot to bring Nixon down in the scandal known today as "Watergate".

Tricky Dick

Presents the history of the United States from the point of view of those who were exploited in the name of American progress.

A People's History of the United States

sexual signals help you find, meet, talk with and date Mister or Ms Right using secrets of nonverbal communication. Fifty photographs clearly show what to watch out for. The essence of courtship and dating conversations is to communicate, with and without words, "This is who I am. I like me. I hope you like me. Show and tell me about yourself so I can discover if I like you." Women - learn how you can easily get noticed, then interest and attract the right type of man, a man you can trust. The way he stands or sits, touches or does not touch himself lets you know if he is telling the truth. The brutally honest chapter is titled Courtship Tactics for women. Men - learn how you can tell from across the room if she's interested in you by her posture and gestures. During conversation, find out if she's leading you on or if she's sincerely interested in you. The brutally honest chapter is titled Courtship Tactics for Men.

Body Language Secrets

A veteran White House reporter reveals our 37th president was even more sinister and haunted than we knew. While Richard Nixon resigned from the White House as our most disgraced president, the American people never knew the full extent of his demons, paranoia, prejudices, hatreds, and chicanery. Calling on his work in covering Nixon in the White House, as well as scores of interviews and invaluable, newly declassified documents and recordings, reporter Don Fulsom sheds new light on "Tricky Dick" by revealing his violent streaks, paranoia, mob ties, and even treasonous activity in exchange for political gain. Nixon's Darkest Secrets reveals that the Watergate scandal was only half the story, and sheds new light on our most devious president.

Nixon's Darkest Secrets

Learn the inside scoop on Watergate, the Ford Pardon, and the 18 ½ minute Gap. Roger Stone, The New York Times bestselling author of The Man Who Killed Kennedy—the Case Against LBJ, gives the inside scoop on Nixon's rise and fall in Watergate in his new book Nixon's Secrets. Stone charts Nixon's rise from election to Congress in 1946 to the White House in 1968 after his razor-thin loss to John Kennedy in 1960, his disastrous campaign for Governor of California in 1962 and the greatest comeback in American Presidential history. "Just as the assassination of JFK prevents a balanced analysis of Kennedy and his times, the myth of Watergate prevents a reappraisal of our 37th President." said Stone who's book on LBJ was the second biggest selling book during the 50th anniversary of Kennedy's murder. Stone reveals how the Kennedy's wiretapped Nixon's hotel room the night before the Nixon-Kennedy debate, and stole Nixon's medical records from his psychiatrist's office. Stone lays out how Kennedy running mate Lyndon Johnson stole Texas from JFK through vote fraud while Mayor Richard Daley stole Illinois, and how JFK actually lost the popular vote. Stone looks at the Nixon Presidency: the desegregation of the public schools, the progressive social programs, Nixon's struggle to end the war in Vietnam, the historic SALT arms reduction

agreement with Russia, the saving of Israel in the Six Days War, the opening to China, and the disastrous decision to take America off the Gold standard. “The mainstream media’s interpretation of the facts surrounding the Watergate episode are a fantastic and grotesque distortion of historical truth,” said Stone. “Cursory examination of the facts in Watergate will reveal that the actions which caused the fall of Nixon cannot be reduced to the simplistic account summarized by Bob Woodward and Carl Bernstein of the Washington Post.” The author outlines how White House Counsel John Dean, planned, pushed and covered-up the Watergate break-in, then sought to avoid responsibility for it. Stone examines the bungled Watergate break-in to determine what exactly Nixon’s agents were looking for and how the CIA infiltrated the burglar team and sabotaged the break-in to gain leverage over Nixon. Find out why Nixon demanded the CIA turn over the records of the Bay of Pigs and Kennedy Assassination. Learn how a cabal of military and intelligence hard-liners spied on and undermined Nixon to stop his pro-peace détente foreign policy, his withdrawal of troops from Vietnam, his arms limitation agreement with the Soviets, and his opening to Red China. Discover how Vice President Spiro Agnew was setup to move him out of the line of presidential succession. Stone makes the compelling case that General Alexander Haig orchestrated Nixon’s removal from office in a coup d’état and brokered the deal for his pardon. Finally the public will learn what is on the 18 ½ minute gap in the White House Tapes. Stone, a Washington Insider for forty years, outlines why FBI Man Mark Felt is not deep throat, why there is no deep throat, and why Bob Woodward and Carl Bernstein lie about it even today. Stone reveals how Nixon used the dark secrets he knew to avoid prosecution by blackmailing Gerald Ford for a full, free and unconditional pardon. Nixon’s secret would not only destroy his presidency—it would save him from prison and allow him to launch his final comeback—advising President Bill Clinton on Foreign Affairs despite Hillary’s attempts to block him and her being fired from the 1974 House Impeachment Committee for lying and violating Nixon’s rights.

Nixon's Secrets

Reveals for the first time in detail what truly motivated Mark Felt, the FBI's number-two executive, to become the most fabled secret source in American history. Showcases the many twists and turns to Felt's story that are not widely known, revealing not a selfless official acting out of altruistic patriotism, but rather a career bureaucrat with his own very private agenda.

Leak

The never-before-told full story of the history-changing break-in at the FBI office in Media, Pennsylvania, by a group of unlikely activists—quiet, ordinary, hardworking Americans—that made clear the shocking truth and confirmed what some had long suspected, that J. Edgar Hoover had created and was operating, in violation of the U.S. Constitution, his own shadow Bureau of Investigation. It begins in 1971 in an America being split apart by the Vietnam War . . . A small group of activists—eight men and women—the Citizens Commission to Investigate the FBI, inspired by Daniel Berrigan’s rebellious Catholic peace movement, set out to use a more active, but nonviolent, method of civil disobedience to provide hard evidence once and for all that the government was operating outside the laws of the land. The would-be burglars—nonpro’s—were ordinary people leading lives of purpose: a professor of religion and former freedom rider; a day-care director; a physicist; a cab driver; an antiwar activist, a lock picker; a graduate student haunted by members of her family lost to the Holocaust and the passivity of German civilians under Nazi rule. Betty Medsger's extraordinary book re-creates in resonant detail how this group of unknowing thieves, in their meticulous planning of the burglary, scouted out the low-security FBI building in a small town just west of Philadelphia, taking into consideration every possible factor, and how they planned the break-in for the night of the long-anticipated boxing match between Joe Frazier (war supporter and friend to President Nixon) and Muhammad Ali (convicted for refusing to serve in the military), knowing that all would be fixated on their televisions and radios. Medsger writes that the burglars removed all of the FBI files and, with the utmost deliberation, released them to various journalists and members of Congress, soon upending the public’s perception of the inviolate head of the Bureau and paving the way for the first overhaul of the FBI since Hoover became its director in 1924. And we see how the release of the FBI files to the press set the stage for the sensational

release three months later, by Daniel Ellsberg, of the top-secret, seven-thousand-page Pentagon study on U.S. decision-making regarding the Vietnam War, which became known as the Pentagon Papers. At the heart of the heist—and the book—the contents of the FBI files revealing J. Edgar Hoover's "secret counterintelligence program" COINTELPRO, set up in 1956 to investigate and disrupt dissident political groups in the United States in order "to enhance the paranoia endemic in these circles," to make clear to all Americans that an FBI agent was "behind every mailbox," a plan that would discredit, destabilize, and demoralize groups, many of them legal civil rights organizations and antiwar groups that Hoover found offensive—as well as black power groups, student activists, antidraft protestors, conscientious objectors. The author, the first reporter to receive the FBI files, began to cover this story during the three years she worked for The Washington Post and continued her investigation long after she'd left the paper, figuring out who the burglars were, and convincing them, after decades of silence, to come forward and tell their extraordinary story. *The Burglary* is an important and riveting book, a portrait of the potential power of nonviolent resistance and the destructive power of excessive government secrecy and spying.

The Burglary

Through the shadowy persona of "Deep Throat," FBI official Mark Felt became as famous as the Watergate scandal his "leaks" helped uncover. Best known through Hal Holbrook's portrayal in the film version of Bob Woodward and Carl Bernstein's *All the President's Men*, Felt was regarded for decades as a conscientious but highly secretive whistleblower who shunned the limelight. Yet even after he finally revealed his identity in 2005, questions about his true motivations persisted. Max Holland has found the missing piece of that Deep Throat puzzle—one that's been hidden in plain sight all along. He reveals for the first time in detail what truly motivated the FBI's number-two executive to become the most fabled secret source in American history. In the process, he directly challenges Felt's own explanations while also demolishing the legend fostered by Woodward and Bernstein's bestselling account. Holland critiques all the theories of Felt's motivation that have circulated over the years, including notions that Felt had been genuinely upset by White House law-breaking or had tried to defend and insulate the FBI from the machinations of President Nixon and his Watergate henchmen. And, while acknowledging that Woodward finally disowned the "principled whistleblower" image of Felt in *The Secret Man*, Holland shows why that famed journalist's latest explanation still falls short of the truth. Holland showcases the many twists and turns to Felt's story that are not widely known, revealing not a selfless official acting out of altruistic patriotism, but rather a career bureaucrat with his own very private agenda. Drawing on new interviews and oral histories, old and just-released FBI Watergate files, papers of the Watergate Special Prosecution Force, presidential tape recordings, and Woodward and Bernstein's Watergate-related papers, he sheds important new light on both Felt's motivations and the complex and often problematic relationship between the press and government officials. Fast-paced and scrupulously fact-checked, *Leak* resolves the mystery residing at the heart of Mark Felt's actions. By doing so, it radically revises our understanding of America's most famous presidential scandal.

Leak

Based on Nixon's overlooked recordings, New York Times bestselling author John W. Dean connects the dots between what we've come to believe about Watergate and what actually happened. Watergate forever changed American politics, and in light of the revelations about the NSA's widespread surveillance program, the scandal has taken on new significance. Yet remarkably, four decades after Nixon was forced to resign, no one has told the full story of his involvement in Watergate. In *The Nixon Defense*, former White House Counsel John W. Dean, one of the last major surviving figures of Watergate, draws on his own transcripts of almost a thousand conversations, a wealth of Nixon's secretly recorded information, and more than 150,000 pages of documents in the National Archives and the Nixon Library to provide the definitive answer to the question: What did President Nixon know and when did he know it? Through narrative and contemporaneous dialogue, Dean connects dots that have never been connected, including revealing how and why the Watergate break-in occurred, what was on the mysterious 18 1/2 minute gap in Nixon's recorded conversations, and more. In what will stand as the most authoritative account of one of America's worst

political scandals, *The Nixon Defense* shows how the disastrous mistakes of Watergate could have been avoided and offers a cautionary tale for our own time.

The Nixon Defense

Seymour Hersh has been the most important, famous, and controversial journalist in the United States for the last forty years. From his exposé of the My Lai massacre in 1969 to his revelations about torture at Abu Ghraib prison in 2004, Hersh has consistently captured the public imagination, spurred policymakers to reform, and drawn the ire of presidents. From the streets of Chicago to the newsrooms of the most powerful newspapers and magazines in the United States, Seymour Hersh tells the story of this Pulitzer Prize-winning journalist and author. Robert Miraldi scrutinizes the scandals and n.

Bad Moon Rising

This thoroughly-researched reexamination and retelling of the Watergate scandal focuses on the role of John Mitchell, President Nixon's former law partner, his attorney general, and manager of his 1972 re-election campaign. Mitchell became the fall-guy, eventually convicted of conspiracy, obstruction of justice and perjury, and served 19 months in prison. But that didn't save Nixon, who was forced to resign for the attempted cover-up. Mitchell comes across as a somewhat different person than his image in the press, as confirmed by one of his defense attorneys, Plato Cacheris. It was Mitchell's unwavering loyalty to Nixon that did him in, in contrast with Nixon's attempt to escape responsibility by placing the blame on Mitchell. The last sentence of this account wonders if in the end Mitchell still considered Nixon one of his friends.

Low Crimes and Misdemeanors in High Places

A high-tech business park on the Mediterranean coast is the setting for a most disturbing crime in this bestseller from the master of dystopia, J.G. Ballard.

Super-Cannes

In 1974 Charles W. Colson pleaded guilty to Watergate-related offenses and, after a tumultuous investigation, served seven months in prison. In his search for meaning and purpose in the face of the Watergate scandal, Colson penned *Born Again*. This unforgettable memoir shows a man who, seeking fulfillment in success and power, found it, paradoxically, in national disgrace and prison. In more than three decades since its initial publication, *Born Again* has brought hope and encouragement to millions. This remarkable story of new life continues to influence lives around the world. This expanded edition includes a brand-new introduction and a new epilogue by Colson, recounting the writing of his bestselling book and

detailing some of the ways his background and ministry have brought hope and encouragement to so many.

Born Again

Provides the definitive, inside account of the Nixon presidency, describing the events, people, and especially, the fascinating personality of Richard Nixon and exploring the uses and abuses, the fascination and toll of power.
